Dr. Gowdara Pandu visited I²IT Campus on 30th December 2014, is a well renowned mentor and an innovative speaker, works for mentoring the engineers in Electronics and Telecommunication field.

It was a very inspiring lecture as he made aware of all the skills required to be successful in life. He spoke about how time management, determination, strong will power, persistence, discipline and the four I’s inspiration, ignite, innovation, imagine can lead to achieve great heights.
