Talk by a Wildlife Conservationist

Tahir Gazanfar - a wildlife conservationist, working to protect Indian bears living in wilderness, visited I²IT Campus on 26th December 2014.

As Project Co-ordinator for Wildlife SOS in Jammu & Kashmir, Tahir is also a member of the International bear Association. He runs two "Bear Rescue & Rehab Centre" in J&K. He also has a few international and national research publications to his credit. An avid trekker, Tahir is also a professional mountaineer and a state-level hockey player. On campus, he interacted with students.
